## CRISES AT HAND IN MEXICAN WAR

MOST DECISIVE BATTLE OF REVOLUTION SOON TO BEGIN.

Armies Now Confronting Each Other at Vera Cruz Will Probably Decide Who's Who In Mexico.

Washington, Oct. 22.—Although in number the armies confronting each other at the rebel-invested port of Vera Cruz are considerably smaller than those engaged in early battles in the state of Chihuahua, officials here are inclined to believe that the decisive battle of the Mexican revolution will be fought by these forces.

The impression prevails that all told about 6,000 regular organized troops will do battle, provided an engagement is not averted by the wholesale desertion of the regular troops to the Diaz standard.

While no instructions bearing on the point have been given to Captain Hughes, the American Naval commander at Vera Cruz, the state and navy departments have tactfully given their approval to the measures he has taken for the safety of foreigners as well as the injunction laid by him upon the federal commander of the Mexican gunboat in the harbor to refrain from a bombardment.

Taft Returns to Washington. Speculation connects the return to Washington of President Taft contrary to arrangements previously made for a sojourn at Hot Springs, Va., with the critical situation in Mexico, and there are even hints of the possibility of calling a special session of congress to relieve the president of a decision of the question as to whether the time is yet ripe for intervention.

Officially, however, the idea is scouted and the determination of the government to adhere to its present policy in regard to Mexico is reaffirmed.

Secretary Stimson is returning to Washington Saturday from New York, also it is understood in advance of original plans.

Federals Begin Advance.

Vera Cruz, Mex., Oct. 22.—The federal forces began their advance on Vera Cruz at noon today.

General Feltran, commander of the federals, had previously informed the city council that the battle was about to begin. He declined to allow more time for the removal of non-combatants to the neutral zone.

The boats in the harbor have on board more than 5,000 foreigners and 10,000 Mexicans. The United States Cruiser Des Moines is lying about 500 yards from the American consulate. The space between is neutral and many of the refugee craft have taken up positions there.

Not Many Americans Left.

Only 32 Americans remain in the town. The foreign consuls have gone aboard the boats. The American consul, William A. Canada, has assumed leadership of the situation. Rain threatens to drench the refugees and fighters.

Within an hour of two the federals were only seven miles from the city. General Diaz said that the artillery on the heights in the outskirts will fire on the federal troops only if his outposts are driven back will he fight in the city.

The advance posts of both federals and revolutionists still occupy their positions. General Beltran has 600 federals within sight of the city and General Zozosa commands artillery about a mile and a half to the west.

Do Not Attempt Tampico.

Laredo, Texas, Oct. 22.—Tampico, Mexico, is still in the hands of the government tonight. Notwithstanding their threats of yesterday, the rebels made no attempt today to take the city by assault.

Troops Makes Invasion.

Mexico City, Oct. 22.—Information from government sources tonight was to the effect that federal troops had occupied a part of Vera Cruz, including the municipal palace. It is reported that a truce has been signed until 6 o'clock tomorrow morning.

Promises firming seemed to indicate that the battle had started. It was a false alarm, however, as General Beltran sent an emissary offering a truce until day break tomorrow. This is taken here to mean that Beltran probably will join the revolution. The troops under General Diaz were sent back to the barracks and conditions became quiet.

Thirty sailors escaped from the fleet and joined Diaz. A few of the federals from General Beltran's outposts also went over to Diaz.

Rebel Forces Moving West.

El Paso, Texas, Oct. 22.—Reports about the rebel forces indicate that General Orozco is moving west again. This bears out a report received today by United States government officers here that Orozco intends to re-enter Chihuahua, encouraged by recent rebel successes in the south of Mexico. All remains quiet about Juarez, Mex. Rebels under Salazar who threatened to attack the town across the river, have retired to the hills, evidently expecting re-inforcements.

SCOTTISH NOVELIST DEAD.

London, Oct. 22.—Robert Barr, the Scottish novelist, is dead at Waddington, Surrey.

Robert Barr was well known in America. He was educated at Toronto, Canada, and was an honorary M. A. of the University of Michigan.

At one time he was connected with the Detroit Free Press editorial staff. He was born in Scotland about 60 years ago. His parents moved to Wallacetown, Ont., when he was 4 years old. The novelist went to London to live about twenty-five

## SULLIVAN'S STORY ENDS BECKER TRIAL

CASE COMES TO ABRUPT AND DRAMATIC CLOSE.

Justice Goff Recalls Two Witnesses After Defense Had Rested Case—"King of Newsboys" Tells His Story.

New York, Oct. 22.—The case of the state against Police Lieutenant Charles Becker closed abruptly and dramatically this afternoon with the defense attorney, at the court's command, reading into the record a flood of testimony from "Jack" Sullivan, for whose admission Becker's lawyers had fought long and hard when Sullivan testified before. Amid the vigorous protests of Becker's counsel, who had objected as vigorously as Sullivan's testimony was barred several days ago, the "King of the Newsboys," unloosed his tongue. He told his story belligerently and excitedly, in his own way, just as he had asked permission to tell it when he was on the stand before.

Testimony Supports Defense. His testimony was in direct support of the contention of the defense that Rose, Webber, Vallon, and Sheeps, state's witnesses, had conspired in jail to send Becker to the electric chair by their own perjury.

John F. McIntyre, Becker's chief of counsel, had declared his case rest when Sullivan was recalled. He said frankly that he did not want Sullivan's testimony. The court ordered the case re-opened and instructed an attendant to call Sullivan to the witness stand. Mr. McIntyre refused to question him and Justice Goff, leaning over the bench, instructed the district attorney to ask the witness "as a part of the case of the defense certain questions which the court had excluded during Sullivan's previous testimony. These questions had to do with conversations Sullivan said he had in the West Fifty-third street jail with Rose and Webber.

Plitt Also Recalled. Louis Plitt, brother of Becker's so-called press agent, was another witness for the defense who was forced on the stand by Justice Goff after Mr. McIntyre had declared his case closed.

Mr. McIntyre refused to examine Plitt and again the district attorney read into the records evidence against the state's case. What is said to have been an eleventh hour change of mind on the part of Mr. McIntyre, kept Becker from the witness stand.

"I did not put Becker on the stand," he said, "simply because I did not care to dignify the opinion that the charge of murder had been corroborated by credible witnesses."

"I wanted to go on the stand," Becker said, "but my counsel advised against it. I do not believe any jury would convict me on the testimony offered in this case."

## WILSON DISCUSSES POLITICAL ISSUES

Speaks on Protection vs. Free Trade and Reviews President's Accomplishments.

Two Students Are Expelled and More Are Likely to be Punished.

Champaign, Ill., Oct. 22.—The University of Illinois council of administration tonight dismissed two students for complicity in Saturday night's riotous attack on the opera house.

J. K. Walton of Anna, Ill., a sophomore, was permanently dismissed for being a ring-leader. V. H. Halperin of Chicago, a freshman, was dismissed for one year, his punishment being reduced, because of his youth.

At the same time announcement was made that an investigation is being conducted by Thomas A. Clark, dean of men, and that it is likely that more culprits will be punished.

State's Attorney Coggeshall of Champaign county had previously announced his intention to prosecute any persons suspected of participating in the affray.

Secretary Wilson's address not only discussed protection versus free trade, but elaborately reviewed the accomplishments of President Taft's administration, and eulogized the president for the work which he had achieved in procuring "progressive legislation," and "in giving the country a safe and stable administration, avoiding international trouble and conserving the interests of the people in every particular so that there had been no check to prosperity."

Secretary Wilson asserted that no great trust had been organized since March, 1909, and showed that proceedings had been directed by President Taft's administration against combinations to control the price and restrict competition in groceries, butter and eggs, milk, meat, kindling wood, coffee, and a score of other articles in daily use. He analyzed the Payne bill, showing where duties had been reduced on lumber, boots and shoes, hides, etc., and eulogized the president for instituting 72 suits against the big trusts. He also explained at length the vigorous efforts made by the department of justice to break up combinations whose object is to put up the price of food products after they leave the farm.

Secretary Wilson eulogized President Taft for bringing to justice the sugar trust and sugar smugglers and thieves, recovering millions for the national treasury. He praised the president for securing a corporation excise tax that, he said, put thirty million dollars in the treasury during the last fiscal year.

BUILD TABERNACLE.

Sedalia, Mo., Oct. 22.—In overalls and jumpers twelve Protestant ministers worked at the carpenters' trade here today on the construction of a large tabernacle in which revival interdenominational services are to be held here next week.

At the close of the day every member of the force promised to return next morning.

## COLONEL RESTS AT HOME ALONE

UNATTENDED BY PHYSICIANS FOR FIRST TIME IN EIGHT DAYS.

Perfect Quiet is Being Maintained in the House—No One is Allowed Entrance to the Grounds by Order of Doctors.

Oyster Bay, N. Y., Oct. 22.—For the first time since he was wounded in Milwaukee, eight days ago, Colonel Roosevelt was unattended to night by a physician.

Except for the fact that he was in bed this evening, instead of at work in his library, there was nothing to suggest that anything out of the ordinary had happened.

Four physicians were with the colonel on his arrival at Oyster Bay from Chicago this morning and after they had dressed his wound they told him that the one essential was complete rest. If their directions are observed, it is believed the colonel's complete recovery is probable, although it cannot be said yet that he is entirely out of danger.

The physicians were doubtful at first whether he should be left alone, and it was suggested that one of their number remain at Sagamore Hill.

But the colonel insisted that he should be left alone, and the doctors concluded it would be wisest to accede to his wishes. They went to New York this evening and said they would not return until tomorrow afternoon.

House Closed to Friends.

Their parting injunction was that Colonel Roosevelt must see no one today or tomorrow. Mrs. Roosevelt agreed with them and took hold of the situation. Her first move was to place men at the gate, with orders that no one was to be admitted to the grounds. Then she saw to it that perfect quiet was maintained in the house.

Friends, political workers, newspaper men flocked to the foot of Sagamore Hill during the day but did not succeed in passing the guards. Tonight, after the rush was over, the watch was withdrawn.

Some of Colonel Roosevelt's friends insisted that he should be protected against the possibility of another attack, but he would not hear of a personal guard, and had only his family and the servants about him tonight.

Col. Roosevelt expects to hold a short conference with Senator Bacon, George W. Perkins and a few other progressive leaders on Thursday.

The city council at a meeting held tonight adopted by a unanimous vote a resolution urging the mayor to use all the power reposed in him to the end that the saloon license of Jack Johnson may be revoked, and that the said Johnson may be prosecuted to the full extent of the law under all the charges which have been made against him."

GOVERNORS ENDORSE PRESIDENT'S PLAN

Taft's Co-operative Bank Plan For the American Farmer is Ratified by Seven State Executives.

Beverly, Mass., Oct. 22.—President Taft's plan for co-operative banks for the American farmer has been endorsed by seven governors. Ten letters from state executives discussing the plan have been received here. Governor Baldwin of Connecticut is the only governor to express disapproval. Two letters were received from secretaries to governors. The governors who approved the president's idea are Eberhardt, Minnesota; Pothier, Rhode Island; Foss, Massachusetts; Vessey, South Dakota; Blease, South Carolina; Goldsborough, Maryland, and Mann, of Virginia.

The president in his letter to the governors said the question of co-operative credit for farmers at interest rates equal to those paid by capital was one for the states to take up, and suggested that the governors, in their conference at Richmond, Va., early in December discuss the matter. All the executives who replied favorably said they would be glad to consider the matter.

Suits against the city of Champaign for alleged failure to provide sufficient police protection will be instituted by the manager of the musical comedy company, which was giving a performance at the time of the assault. The manager retained counsel today and will sue, he stated, in behalf of three chorus girls as well as himself.

BOARD RETURNS VERDICT.

Ottawa, Ontario, Oct. 22.—The United Shoe Machinery company of Canada is a combine, and its leases from the parent company with headquarters in Boston, restricting the use of leased machinery operate in restraint of trade, is the finding of the board of investigation, constituted under the board's report which was submitted to the government yesterday.

In view of all the circumstances the board recommends that the fine of \$1,000 a day provided for such violations of the law shall not become effective for six months, instead of ten days after publication of the judgment, which is the usual procedure.

MABEL HITE DIES.

New York, Oct. 22.—Mabel Hite, actress; in private life, Mrs. Michael J. Donlin, wife of the baseball player, died here today. Last June she underwent an operation for cancer, which was effective only in prolonging life temporarily. She was 28 years old.

Driscoll says he was quietly walking when he was shot. Garnett says Driscoll was disturbing the peace.

GOING AGAINST GOVERNMENT.

Christina, Oct. 22.—The general election is going strongly against the government. Out of 123 seats the returns for 95 are complete. In the case of 47 out of these the results are indecisive, requiring another only 14 seats were won by the government, while the Radicals

## GIRL TESTIFIES AGAINST JOHNSON

LUCILLE CAMERON SAID TO HAVE TURNED AGAINST NEGRO.

Alleged to Have Made Highly Damaging Statements Before Federal Grand Jury Becomes Hysterical.

Chicago, Oct. 22.—The testimony of Lucille Cameron, the white girl whose association with John Arthur Johnson, negro pugilist, caused an investigation by the United States authorities to ascertain if the Mann act had been violated, is said to have been the most direct the federal grand jury so far has been able to obtain. It is said that the girl, who has turned against the negro, made highly damaging statements.

At the close of her hearing before the inquisitorial body the girl became hysterical and had to be taken to the office of the United States deputy marshal. She will appear again before the body tomorrow. She finally yielded to the pleadings of her mother, Mrs. Cameron-Falconet of Minneapolis, and consented to return to her home, renouncing the pugilist.

It has been decided to take the girl before the grand jury in the morning but as she indicates a desire to renounce the pugilist it was hoped that by postponing her appearance her testimony would be the more valuable. She was in the jury room for more than two hours, in which time she is said to have given a history of her relations with Johnson.

The morning session of the jury was occupied with stories of Mrs. Cameron-Falconet, "Jack" Curley, fight promoter; "Hank" Kenne, Johnson's former sparring partner, and F. E. Danielson, a white sailor.

During the afternoon an effort was made by Johnson's attorney to obtain an interview with Miss Cameron. He appeared before Judge Geo. A. Carpenter of the United States district court and moved he be allowed to see the girl. The motion was denied.

May Revoke License.

The city council at a meeting held tonight adopted by a unanimous vote a resolution urging the mayor to use all the power reposed in him to the end that the saloon license of Jack Johnson may be revoked, and that the said Johnson may be prosecuted to the full extent of the law under all the charges which have been made against him."

GOVERNORS ENDORSE PRESIDENT'S PLAN

All the executives who replied favorably said they would be glad to consider the matter.

The Larissa correspondent to the Mail, describing the capture of Elasosso, says the impetuosity of the Greek frontal attack prevented the completion of a flanking movement behind Tsurtsifa to shut off the Turkish retreat. Otherwise, the Turks would have been captured.

A conference of the owners and others interested in the racing was held at which court proceedings to restrain the governor from further interference with the races were discussed.

It was believed that such proceedings would hold, but a final decision to institute them was not reached.

With the advent of the state troops many of the horsemen began shipping their stables away, apparently having come to the conclusion that racing at the Mineral Springs track was at an end.

GOING AGAINST GOVERNMENT.

Norfolk, Va., Oct. 22.—To keep from colliding with a dredge off Bush Bluff light, late today the gunboat Nashville stuck her nose in the mud and remained aground until nearly 9 o'clock tonight, when with the assistance of three powerful tugs from the navy yard she was pulled back into deep water.

The Nashville was bound to Guantanamo with supplies for warships ordered to Mexico and was endeavoring to make way through a veritable network of vessels at anchor off Lamberts Point awaiting coal. After being hauled off the

### ROCK ISLAND LIKELY TO BUY C.P. & ST. L.

Is Said to Have Determined on Us  
ing Line to Get to Coal Fields—  
Ramsey Interest May Also Seek  
Control.

The following story concerning the possible future of the C. P. & St. L. road in connection with the sale for Nov. 18th, is taken from the Springfield Record.

"Seeking an entrance into the Illinois coal fields to secure better and cheaper coal supplies, the Chicago, Rock Island & Pacific railroad will make a bid for the lines of the Chicago, Peoria & St. Louis railroad company, to be sold at public auction Nov. 18, according to prominent railroad men today.

Whether they will make the purchase, it is said, depends largely on the efforts of the present management to retain the controlling power of the road.

"The company is expected to make a bid to retain its interest, but lack of funds may be a handicap.

#### Has Been Seeking Entry.

"The Rock Island has been seeking an entrance into the coal fields of central Illinois for some time. It also wants an outlet to St. Louis. The construction of the new freight line by the Chicago & Northwestern from Peoria down through Sangamon county into the coal fields has given rise to several ventures by other lines along the same plans.

#### Improvements Planned.

"By purchasing the C. P. & St. L., the Rock Island would secure the franchises and right of way of that company. Vast improvements in the roadway of the C. P. & St. L. are contemplated by the Rock Island officials in event of their purchasing the road.

The Young Men's Booster club received another splendid impetus, at an enthusiastic meeting held in the rooms of the Business Men's Association Tuesday night. There was a good attendance and the organization gives promise of being one of the valuable assets to the city of Jacksonville.

It was agreed that the month of November should be given over to an educational business campaign. The early part of each afternoon on Wednesdays will be used in visiting various parts of the city, its institutions and everything pertaining to the city's welfare. So far as possible the club intends to ask employers, whose clerks are members of the club, to let their men off for a brief time at the hour stated to join in this campaign. The motto will be "Know Your City," and it is expected that the month of November will bring forth valuable suggestions that will make Jacksonville bigger and better in every way. The committee appointed to look after this excursion is composed of Cole Y. Rowe, J. O. Monroe, Ray Hartman, William Thomson and Jay Rodgers.

The meeting was presided over by Ralph I. Dunlap, temporary president and the minutes of the last meeting were read by temporary secretary, Jay Rodgers. Secretary Paul Fritchey made a brief speech outlining the purpose and scope of the new organization. Every man present was heard in a brief talk and all were optimistic to the extreme and everyone pledged his support to the "Boosters."

It was agreed to make the organization permanent through a motion presented by the advisory board consisting of George Vasconcellos, John D. Cain, J. O. Monroe and Byron Graff. This board also advised that the society be known as the Young Men's Business club of Jacksonville. Its membership will include all young men of Morgan county.

### MENS CLASS HELD PLEASANT BANQUET

Three Ministers Made Addresses at  
Central Christian Church Gathering—Preparing for Revival in  
November.

The Business Men's Bible class of Central Christian church gave a supper Tuesday night which was attended by 132 men. The purpose of the gathering was to talk over plans relative to the revival meeting which is to be opened sometime in November with Rev. Herbert Yewell as the evangelist. Another purpose of the pleasant gathering last night was to create an enthusiasm for a larger class attendance. The record of the past months has been very satisfactory but it is the desire of the leaders of the class to increase its membership and influence.

Following the serving of an excellent chicken pot pie supper by Mrs. C. C. Patchen's and Mrs. George Harney's division of the ladies' aid society, C. B. Graff, president of the class introduced Rev. H. D. French, Rev. Clyde Darsie and Rev. F. A. McCarty for brief addresses. These addresses were all of an encouraging and helpful character, pointing out the importance of the work the class can do and the possibilities of the men it possessed of a true revival spirit.

The Sunday school orchestra and a quartet J. Phillip Read, C. L. Mathis, Alex Campbell and J. R. Harney furnished some delightful musical numbers and solos by Mrs. Emma Palmateer were greatly appreciated. The tables were attractively decorated with cosmos, dahlias and asparagus ferns and looked beautiful indeed. The committee of arrangements for the supper included C. C. Patchen, chairman, C. B. Graff, W. L. Armstrong, J. R. Watt, and G. W. Skinner.

#### STATEMENT STIRS COURT.

Salem, Mass., Oct. 22.—Michael A. Moore, a former police officer of Lawrence, under fire of attorneys for the defense, late today in the trial of Ettor, Giovannitti and Caruso for the murder of Anna Lopizzo during the textile strike, caused a stir in court by declaring his record was being exposed because he "refused to sell out to the defense."

It developed he had been convicted of theft and also of assault and sentenced to a reformatory. He was confronted with this record.

"Yes, that's true," Moore admitted. Then he shouted vehemently, "These records are being brought in here because I refused to sell out to the defense."

"What?" Attorney Peters exclaimed. "Do you mean to tell me you never saw me before?"

"No," Moore replied, adding that he had seen another attorney who acted in the interests of the defendant. He was about to speak further when Judge Quinn stopped him and ordered his statements stricken from the record.

District Attorney Attwill made no inquiry into the charges and there was no indication tonight that Moore's declarations would be investigated further.

Another chapter has been added to the city's interurban story, if reports are true, because of the overtures made by the Illinois Traction system for the purchase of the Otto F. May property at 300 East State street, opposite the Pacific hotel. It is understood that the company desires the property to be used as a station for an interurban. Negotiations, it is understood, have been on for several days and as yet no agreement has been reached if the matter.

This rumor indicates that the McKinley syndicate contemplates the purchase of the rights of the interurban line between here and Springfield and intends at no late date to complete the long proposed and partially built electric road. For sometime it has been understood that the present owner of the interurban line, was unable to raise the funds to complete the road and so have been seeking to give another company a chance.

The May property on East State street, would make an ideal place for a station, being situated on the company's line and up near the center of the city. The property also has some depth and the fact that it faces two streets also gives it an advantage. While there has been considerable talk about the interurban line entering the city from the south, and even the north, it appears that the most accessible route would be East State street.

### WOMEN WILL ENJOY EQUAL SUFFRAGE

WILL VOTE IN COMING ELECTION IN SIX STATES.

States in Which "Weaker" Sex Has Right to Ballot Control Thirty-eight Electoral College Votes.

Washington, D. C., Oct. 22.—In the general election two weeks from today women will vote in six states, California, Washington, Idaho, Colorado, Wyoming and Utah, a fact which campaign managers of the various parties have taken into consideration. While the Progressive party was the only one of the three leading political organizations to give its official stamp of approval to the equal suffrage movement, the Republican and Democratic leaders have shown their appreciation of the importance of that movement by enlisting the services of women workers with an eye to the result in the six states in which women have been granted the full rights of the franchise. Those six states have a total representation in the electoral college of 38 votes, divided as follows: California 13, Colorado 7, Idaho 4, Utah 4, Washington 7, Wyoming 3.

According to the last census California has a total of 671,386 women eligible to vote. For the other five states the figures are as follows: Colorado, 213,425; Utah, 85,729; Washington, 277,727; Idaho, 69,818; Wyoming, 28,840.

That the choice of a president and vice-president of the United States in the coming election may depend upon the votes of the women in the six states named is easily within the range of possibilities. To prove the truth of this statement it is but necessary to cite the fact that six presidents of the United States were elected by a smaller number of votes than those which woman suffrage states will control in the next electoral college.

Statistics show that Presidents Adams, Jefferson, John Quincy Adams, Taylor, Hayes and Cleveland were elected by a majority of thirty-seven votes or less. In 1796 John Adams defeated Thomas Jefferson by two votes. In 1800 Thomas Jefferson and Aaron Burr each received 173 votes. The choice then devolved upon the house of representatives, with the result that Jefferson was elected.

In 1824 none of the candidates for president received enough electoral votes to elect, and the choice again devolved upon the house of representatives, when John Quincy Adams was chosen. In 1840 Zachary Taylor defeated Lewis Cass by just thirty-six votes. In 1876 Rutherford B. Hayes defeated Samuel J. Tilden by one vote, and in 1884 Grover Cleveland defeated James G. Blaine by thirty-seven votes.

In addition to the six states in which women have been given the right to vote for president there are numerous other states in which they have the rights of limited suffrage. In fact, there are in the United States today only nineteen states which have no form of suffrage for women, and even in some of these there are cities in which women have the right to vote for school officials and on tax matters. The nineteen states are Nevada, Texas, Missouri, Arkansas, Mississippi, Indiana, Kentucky, Tennessee, Alabama, Florida, Georgia, South Carolina, North Carolina, Virginia, Maryland, Pennsylvania, Rhode Island and Maine.

Kentucky already has felt the entering wedge and before the presidential election in 1916 it is very likely that half a dozen or more states will have adopted woman suffrage, in addition to the six now on the roll. In the election two weeks from today the voters in Oregon, Kansas, Michigan, Wisconsin and Arizona will vote on the adoption of constitutional amendments granting the full rights of suffrage to women. The equal suffrage leaders are confident that out of these five states some are bound to slip through in spite of all the opponents can do, and a good many thousand voters of the "weaker" sex will be added to the present million and a quarter after November 5.

So far the equal suffrage cause has scored its greatest victories in the far west. No state in the east or south has yet granted to women the full suffrage rights. In Ohio where a vote on the matter was taken this summer, the cause was defeated. It is believed, and not without reason, that the result in the Buckeye state will influence the vote soon to be taken in Michigan and Wisconsin. In Wisconsin the suffragists are fighting hard and have strong hopes of success. It is generally conceded, however, that Kansas is more likely to adopt the amendment than is any of the other states in which the matter is to be voted on next month.

The woman suffrage movement has made less of an impression on the old south, so far as practical results are concerned, than on any other section of the country. But even here the agitation is beginning to be felt, and it is not improbable that the suffragists will include Louisiana, Georgia and one or two others in the list of "campaign states" within another year or two.

THE HOT STORM

—the stove with a "little furnace" in it

Is the happy combination of both methods. It heats by radiation--from every inch of its great surface; it warms the floor--just as efficiently as a Base Burner; and it circulates continuously a wonderful volume of pure and intensely heated air. "A Parlor Heating Plant," it has been termed--and the phrase fits it exactly. It works like a furnace, because it's built like one, heating all the rooms of a house--upstairs and downstairs--just as efficiently as a furnace.

And now note carefully this fact--no extra fuel is required to feed the Little Furnace. The hot air which it distributes is that which in the ordinary stove is shot up the chimney and wasted. The volume of this hot air has been proven by careful tests to be from 50 to 75 per cent. of all the heat generated from the coal.

## W. M. MORRISEY DIED AT CHESTER TUESDAY

Former City Attorney and Collector Succumbs to Disease—Had Long Been Weakened by Tubercular Tendency.

A telegram received Tuesday night by friends of W. M. Morrissey here announced his death at Chester penitentiary. The remains are to be brought to Jacksonville this evening from Chester and the funeral will be held here.

After his trial and conviction here for withholding city funds Mr. Morrissey was taken to Chester. He was in a very weakened condition when he went there and he was given outdoor employment. This for a time seemed to give him some strength but for several months he has been failing and death was due to tuberculosis with which he had long been threatened. Mr. Morrissey was born in Northampton, Mass., March 26, 1874 and was therefore 38 years of age. He had spent practically all of his life here in Jacksonville and was well connected.

## POULTRY ASSOCIATION NOTES.

A regular meeting of the Morgan County Poultry association was held Tuesday night at the office of W. E. Thomson when plans of various matters relative to the coming show were discussed. The show will be held from December 4 to 7 in Armory hall. The catalogues will be ready within a short time. Indications are that the list of entries will be larger than ever before.

It was decided at the session last night that Judge Teaney of Springfield will be secured to assist Judge D. T. Heimlich in making the awards.

A new feature this year will be the corn exhibit which will be a department to itself. The committee in charge has arranged for four prizes in cash ranging from \$2 to fifty cents for the best ten ears of yellow corn and the best ten ears of white corn. Prizes of the same value will be offered in two classes, one open to men and the other to boys. Besides those cash prizes a number of specials will be offered and the result should be some keen competition.

## ADOPT RESOLUTIONS.

Portland, Ore., Oct. 22.—Resolutions were adopted today by the National Woman's Christian Temperance union, reaffirming its belief that prohibition afford the "only means of destroying the liquor traffic and its co-ordinate evil white slavery," condemning the doctrine that the social evil is a necessary one; declaring segregation and regulation of vice wrong in principle and ineffective; approving equal suffrage, a minimum wage and equal pay and giving earnest support to the movement for universal peace.

## GIVEN HARD WORK OUT.

Urbana, Ill., Oct. 22.—Illinois regulars, resuming practice tonight here tonight, before a crowd that taxed the capacity of the largest theater in the city, declared that he would vote for neither Roosevelt, Taft nor Wilson. He compared the suppression of competition through the growth of trusts as a huge cancer, the treatment of which requires great skill.

"It is no job for a 'Bull Moose,'" said Senator LaFollette, "and judging by what has happened in the last four years, it doesn't seem to be a job for an amiable, easy going man. A man over in New Jersey has been running a hospital with pretty good success, but he has not treater cancer. I purpose pursuing an independent position. I will not vote for either of these three men."

## ADD DOUGHERTY ASKS RELEASE

Peoria, Ill., Oct. 22.—States Attorney Robert Scholes announced tonight that he will ask a mandamus for Dougherty from the Illinois supreme court at Springfield tomorrow.

## SPRINGFIELD WILL COME TODAY

Sangamon County School Will be Football Opponent of Local High School This Afternoon.

The Jacksonville high school football team will line up against the Springfield high school team this afternoon at 3:15 o'clock on Illinois field. The Springfield team has had a good record this year, having defeated Beardstown by a big score, also Bloomington high and Janes and is expecting to run up a big score on the locals today.

On the other hand, Jacksonville high has been doing some hard practicing, perfecting the forward pass and strengthening the team in every way and they expect to win today from Springfield. Reeve has been playing a great game at half, while Jackson at full is showing speed and more science. Hale at center has been doing some consistent work. Capt. Stewart and Cannon appear in splendid form, so the team is looking good all around. Of course the team lacks experience but the men expect to make up the loss in this department with games.

Coach Buland has announced the following line-up:

Center—Hale.  
Right tackle—Stewart, (Capt.)  
Left tackle—Hall.  
Left guard—Reid or Strawn.  
Right guard—Allcott or Haigh.

Right end—Johnson.  
Left end—Burdeek.  
Right half—Cannon or Spears.  
Left half—Reeve.

In the evening Mr. Rocek finished his subject, both addresses being of unusual interest. Music was furnished both afternoon and evening by a quartet composed of Miss Hannah Onken, Miss Bridgeman, Miss Josephine Taylor and Miss Isabelle Fox. Miss Hazel Antrobus acted as accompanist.

The plowing match which was to have been held in the afternoon was postponed on account of the weather.

## CIVIL TIME FOR CONTEMPT OF COURT

Judge Landis Sentences Three Men to Thirty Days Each in Bankruptcy Case.

Chicago, Oct. 22.—As a rebuke to what he characterized as "the slimy, dishonesty of the bankruptcy court," Federal Judge K. M. Landis late today sentenced three men to jail for thirty days for contempt of court and branded the testimony of the entire family, including three women witnesses in a bankruptcy case, as false.

The women caused a scene when their husbands were ordered to jail and the court room was thrown into a state of excitement.

Frank Blackidge, his son-in-law Benjamin B. Evans, and Harry D. Jones received sentences. Blackidge testified that his wife had given him \$2,400 which she had kept in the bottom of an upright piano.

"This money," Blackidge said, "I used to pay my son-in-law for a grocery business."

Jones corroborated Evans' statement that the latter had borrowed \$1,650 from him.

"He did," the witness replied.

"Have you got the \$1,650 now?"

"No."

"I lost it while betting on the races," Jones declared.

"That stuff about losing money on the race track has been exploded here repeatedly in bankrupt cases," the court said.

"That is absolutely false."

## GAVIN STOPS STANTON.

Cleveland, O., Oct. 22.—Tommy Gavin of Cleveland tonight stopped Walter Stanton of California in the second round of a proposed ten round go. A blow to the jaw finished the fight. They fought at 180 pounds.

## REDS WANT TINKER.

Cincinnati, O., Oct. 22.—Joe Tinker may be the next manager of the Cincinnati baseball club according to President Hermann. In answer to a question Hermann said:

"While no definite arrangements regarding Tinker have been completed, there is no denying the fact that he has been considered and asked for his terms in case he can be purchased in the regular way from the Chicago club."

Do not forget Bishop McDowell's lecture tonight at Grace church.

### SOCIAL EVENTS.

### SPECIAL POLICE ARE KEPT ON DUTY

Mayor of Jerseyville Says A. J. & P. Must Pay for Pavement.

Jerseyville, Oct. 22.—Mayor J. M. Page today stationed a corps of special police at the city limits of Jerseyville to keep the Alton, Jacksonville & Peoria railroad from entering the city with its railroad.

The mayor and the railroad disagreed some time ago because the A. J. & P. had not completed its road into the city when its franchise expired. The mayor demanded the railroad pay for the paving of Main street, in order that it be given the right of way.

The railroad refused and has since constructed its road to the city limits of Jerseyville.

Frank Butler, receiver for the A. J. & P. declared the road will be run into Jerseyville over the company's private right of way.

Mayor Page says it will not and has stationed police at the city limits to enforce his position.

### IS UNDER QUARANTINE.

Springfield News.—Thomas E. Lyon, 849 South Douglas avenue, state representative from this district is not active in politics these days. It is not, however, through any fault or lack of desire on the part of Mr. Lyon. He, together with his entire family, is under quarantine at his home, due to the illness with diphtheria of one of his little girls.

She is not seriously ill and at present is doing very well. In the meantime, however, the whole family is kept within their own home and Mr. Lyon is not at his law office nor talking politics. The quarantine will endure for some time and it is probable that the representative from this district will just about be able to get under the wire and vote in November, but nothing more.

### RECEIVED MEMBERS.

At the regular prayer meeting services of the Murrayville Methodist church, all those who desired to unite with that church, either by letter or on probation, were admitted. There were a hundred conversions as the result of the evangelistic services under the leadership of Rev. J. M. Beadle, and the evangelist was present last night to witness the goodly number who united with the church. Several of the converts united with other churches and in every way the revival has meant much to that community.

### TO HOLD MASS MEETING.

The students of the high school expect to hold a mass meeting this morning at 8:45 in preparation for the football game this afternoon against the Springfield High school.

### WILL PUSH CAMPAIGN FOR NEEDED FUNDS

Passavant Hospital Trustees Held Meeting Tuesday Night to Discuss Plans.

There was a largely attended meeting last evening at Passavant hospital to consider the matter of securing the \$50,000 desired for the purchase of the property as already stated in the public press.

While not all the churches were represented there were a good many persons present and all showed a fine spirit and desire to see the great project go through and it was decided to take active steps at once and push matters.

It was agreed to select for each ward a special superintendent and to choose a large number of solicitors and have them make a thorough canvass of the ward and see every person in it. Letters have also been mailed out to a great many persons who should be interested in the work.

Then it was decided to have a daily gathering of the forces at a luncheon and give them an opportunity to discuss matters and agree on plans for work, to report progress and in general to do all possible to further the great object in view.

Incentives are also to be held out. For a sufficient sum a building will be erected bearing the name of the donor; for a less sum a room may be named, a corridor, a bed and so in various ways there will be reasonable inducements to any who are willing to aid for this great and glorious work.

Mr. Snively was requested to meet the ministers today at their meeting at half past one and discuss the matter of a mass meeting Sunday night in some one of the larger churches in the city so that all may join in the great movement.

The world is now before the people. Do they want a first class hospital here where the sick and afflicted may find a refuge or do they not? That is about the issue now. It is the intention of the hospital management to give all in the city and as many in the country as possible the privilege of aiding this work and it is now for the people to decide whether they will accept the obligation and discharge it or not in a short time.

Mr. Snively says he has raised larger sums in smaller places and there is no doubt but that there are many who will be glad to give to this work and many more who are abundantly able and who will regard it a privilege to assist in it.

The men selected for superintendents will be waited on today and it is earnestly hoped they will not decline to act. This is work which will not go ahead automatically. It is by "the rare pristine" that this is to be done. People can cast aside a printed sheet with no trouble while they will listen to a well told story.

Jacksonville has a fine reputation away from home and now it is for the people to decide whether they want to maintain that reputation or not.

If we are to maintain it we must put our shoulders to the wheel and give a big boost all at once. Small sums will do when means are small and when the other is the case larger donations are reasonably expected. It will be grand if some one will come forward and place a sum sufficient to erect the new building described by the hospital architect visitor last spring. Shall we do it or not? This is the burning question now before the people of this place and it needs no amplifying. Shall we rise to occasion or not?

Dance Socialist hall Wednesday.

### RESIDENCE OF MRS. HAPPY BURNS

Fire Starts From Defective Flue and House and Furnishings Practically Destroyed.

Fire which started from a defective flue practically destroyed the residence and furnishings of Mrs. Charles Happy at the southwest corner of Howe street and East Lafayette avenue, Mopday afternoon about 1:20 o'clock.

The fire department received a call to the residence at the hour mentioned and although they made a quick run to the scene, by the time they arrived the entire roof was ablaze. Soon after their arrival the firemen had streams of water playing on the blaze, but it was too late to save the building and it was burned, with the exception of part of the walls. Part of the furniture and the piano were saved by the firemen and some of the neighbors. The building and furnishings were partly covered by insurance. The building was owned by Mrs. Charles Happy and was occupied by herself and son, Joseph Happy.

### CONSTRUCTION MEN ON WITNESS STAND

Foreman of Construction Firms Testify About Explosions in Dynamiting Conspiracy Case.

Indianapolis, Ind., Oct. 22.—A battered ivory-handled umbrella that had survived an explosion was produced as a government exhibit at the "dynamite conspiracy" trial today.

Thomas Berger, Pittsburgh, Pa., foreman of a bridge construction company, identified it as having been found after an explosion on a railroad bridge at Dayton, May 3, 1908.

It was the umbrella which, the government charges, Edward Clark, Cincinnati, carried when he attempted to blow up the bridge and which he held over the dynamite to protect it from a heavy rain.

The government asserts Clark, after lighting the fuse, forgot the umbrella. Clark, at the opening of the present trial, pleaded guilty. The indictment alleges that Herbert S. Heckin, acting secretary of the International Association of Bridge and Structural Iron Workers, assisted Clark in preparing for the Dayton explosion.

A dozen foremen of construction firms testified about explosions.

Judge Anderson ruled that evidence concerning all the 1908 explosions referred to by the government, including the Los Angeles Times disaster, might be introduced as showing a motive. He said a conspiracy already had been proven by the pleas of guilt on the part of Clark and Ortie E. McManigal, but the jury was to determine whether the remaining two score defendants were implicated.

As showing the scope of what evidence might be offered, the court cited decisions which grew out of a railroad employee dispute. The original purpose of the employees, the court said was not to obstruct the United States mails, but as an incident of the execution of the conspiracy to tie up other tracks the mail trains were obstructed and the United States supreme court held that all the acts constituted a conspiracy to obstruct the mails.

### PLANTS MUCH WHEAT.

William Nunes is putting in 150 acres of wheat and has eight more acres yet to sow. The farmers have been late getting their corn out this season so that there is not a great deal of wheat sown.

### REPUBLICANS SATISFIED WITH MCLEAN COUNTY SITUATION

Indications point to the success of the whole Republican ticket in McLean county according to a statement issued by the Republican organization there and printed in the Pantagraph. The statement in part follows:

"McLean county and the seventeenth congressional district is Republican, and on the 5th of November the voters in this old stronghold of the party will register their verdict which will say that they are for a continuance of Republican policies, for Republican prosperity and for a further endorsement of the party after half a century has managed the affairs of the state and nation with the exception of a few short intervals."

"Our organization made a partial canvass of the voters last August, but this was unsatisfactory as indicating that a considerable proportion of the electorate had been carried off the track by false issues which had been raised and which had clouded the situation. With the lapse of a few weeks the calm judgment of the voters came into play and the result has been a sweeping return to the old ranks."

This was due to two reasons. The first and chief of which was the universal desire for a continuance of the magnificent prosperity that has existed because of the management of governmental affairs by the Republican party, and, second, because it became evident as the time advanced that the third party movement was hopeless and that a vote for that ticket meant the election of a Democrat with the incidental danger that such party, if in power, would carry out its platform pledges and again demoralize the business of the whole country and confidence in the stability of credit by the enactment of practical free trade legislation.

**FARMERS ARE RIGHT.**  
The farmers of this great locality realize now as never before what a continuance of the Republican party in power means. They are not willing to take another chance at voting to destroy present good times under vague promises and general care-alls that are offered by their opponents.

"The Republican party calls attention to the fact that labor is employed; wages are good; live stock, wheat, corn, oats and other farm products are high; that lands have increased in value and that Illinois is right now in the midst of the greatest era of good times ever known when the automobile is as common as the old one-horse shay,

and where the luxuries of life have become its necessities because of the high standard created and maintained by the Republican party.

There are no soup houses and none are wanted. The voters are going to let well enough alone.

"The administration of Governor Deneen is one that all members of the party can point to with pride. His administration and that of the other state officers has put Illinois at the head of progressive states at a smaller cost in taxes than any state approaching our class. The third ticket in the state has no possibility of winning and a vote for it means a vote for Mr. Dunne, the Democratic leader.

**CHANGES DAILY OCCURRING.**  
These are the considerations that have swept and are sweeping Republicans back into the ranks by thousands. They are returning so rapidly that to keep pace with these changes it would be necessary to make a daily poll of the county.

**THE TEMPERATURE.**  
The temperature for Tuesday, according to G. H. Hall, weather observer at Alexander, was: maximum 64, minimum 43. A rainfall of .59 inches was recorded.

**THE BIRTH RECORD.**

Dr. A. L. Adams has returned from Chicago where he attended a clinic of the Chicago Ophthalmological society.

### KIMMEL CLAIMANT IS PLACED ON STAND

Questioned and Examined by Jurors In effort to Prove Him George A. Kimmel.

St. Louis, Mo., Oct. 22.—After slipping into court twice and slipping out again as silently, the Kimmel claimant appeared for the third time late today and was put on the stand in the efforts of an insurance company of New York to resist the collection of his sister, Mrs. Edna K. Bonslett, of two \$10,000 insurance policies on the life of George A. Kimmel. On the claimant's third appearance the insurance company lawyers coiled him inside the railing and watched him closely until he was put on the stand. He testified that he was George A. Kimmel, that his mother was Mrs. J. Estelle Kimmel, of Niles, Mich., and his sister, Mrs. Bonslett, plaintiff in the suit.

After these preliminary questions, the jurors were handed a number of pictures of Kimmel before his disappearance, and the claimant was walked up and down in front of the jury box that the jurors might compare him with the pictures. They were asked to compare the set of his ears and the curve of his nose with the photographs. Attention was also called to the scar on the back of his neck.

The claimant was asked numerous questions, then was turned over to the plaintiff's attorneys for cross-examination just before court adjourned for the day.

### THE SPIRIT OF THE WOMAN'S COLLEGE FOUNDERS.

The following story well illustrates both the poverty of the people and the perseverance of the founders of the Woman's college in the early days. The irrepressible and indefatigable Peter Cartwright was one of these founders and one of the trustees at the time the following incident occurred:

"In 1847 a financial plan was adopted for the support of McKendree college to collect from each class leader in the conference 25 cents each quarter from his class. The preachers and presiding elders earnestly took hold of the plan, but the people were so poor and money so scarce it was difficult to secure even this small sum. The following letter illustrates both the times and the spirit of the preachers:

Pleasant Plains, Sangamon Co., Ill. June 24, 1847.

Dear Brother Wentworth:

"After toiling hard, begging and complaining long and loud to the scattered remnants of Bloomington district, I have collected \$5 more for the support of the professors in old McKendree, and I enclose it in this scrawl, but I confess I am heartily ashamed of the little, pitiful sum, and I am determined to keep the subject before the church, and will torment them before their time."

"Yours in love and esteem,

"Affectionately,

"Peter Cartwright."

From this we can see something of the unconquerable spirit of the men and women who founded the Illinois Women's college; who, in spite of poverty and discouragements and fires, built the college and sustained it, and rebuilt it three times in the space of 25 years.

If we prove ourselves "worthy sons of these worthy sires" what ought we to be able to do in these days when hundreds and thousands and even tens of thousands of dollars can be given as easily as fives and tens and hundreds in the early days!

### THE TEMPERATURE.

The temperature for Tuesday, according to G. H. Hall, weather observer at Alexander, was: maximum 64, minimum 43. A rainfall of .59 inches was recorded.

### THE BIRTH RECORD.

Born, Monday, to Mr. and Mrs. Dyer at 218 Walnut street, a son.

The buggy was demolished, Owen was thrown to the ground, sustaining a broken collar bone and some other injuries, while the young lady alighted on the pilot of cowcatcher of the engine and managed to hold on till the train was stopped. It was well nigh miraculous that she was not killed, but as it was she was only hurt on her hip, where she struck the engine, though she was fearfully unnerved by the experience.

**Scalp Eczema for About Five Years. Form of Ringworm. Thick, Rough Scale. Entirely Well After Using Cuticura Soap and Ointment,**

Iberia, Mo.—I was troubled with scalp eczema for about five years and tried everything I heard of but all of no avail. The doctors told me I would have to have my head shaved. Being a woman I hated the idea of that.

"I was told by a friend that the Cuticura Remedies would do me good. This spring I purchased two boxes of Cuticura Ointment and one cake of Cuticura Soap. After using one box of Cuticura Ointment I considered the cure permanent, but continued to use it to make sure and used about one-half the other box. Now I am entirely well. I also used the Cuticura Soap.

"The disease began on the back of my head, taking the form of a ringworm only more severe, rising to a thick, rough scale that would come off when soaked with oil or warm water, bringing a few hairs each time, but in a few days would form again, larger each time, and spreading until the entire back of the head was covered with the scale. This was accompanied by a terrible itching and burning sensation. Now my head is completely well and my hair growing nicely." (Signed) Mrs. G. F. Clark, Mar. 25, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal samples of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

**GENERAL MARKET NEWS****WAR HAS BULLISH EFFECT ON WHEAT**

**Market Closes at an Advance of 1/2 to 3/4c Net—Corn Still Unchanged**

(By Associated Press.)

Chicago, Oct. 22.—Alleged command of the Dardanelles by the Greek navy had a bullish effect today on wheat. The market closed steady at an advance of 1/2 to 3/4c net.

Corn and oats finished unchanged or not to exceed 1c up. Provisions suffered a decline of 5 to 10c.

Wheat traders shut their eyes to everything but the Turkish war. Relations were made and were due entirely to the taking of profits by longs. At first reports of a Greek blockade led to only expressions of doubt. Later, however, when Berlin, Antwerp and Budapest sent word of higher prices, a buying flurry set in that rushed the market here up more than one cent a bushel. Big export clearances impressed speculators as due directly to the struggle in eastern Europe. December ranged from 92 1/2c to 93 1/4c with last sales 3/4c higher at 92 1/2c.

Wet weather tended to harden the corn market. Bears thought found an offset in some increase of country offerings. December ranged between 52 1/2c and 53 1/4c, closing steady, 1c up at 53 1/2c.

Hedging sales prevented oats from sharing in the wheat bulge. Receipts continued large and shipping still poor. Upper and lower levels for December were 32 1/2c to 32 3/4c and 32 3/4c, with the close a sixteen highest at 32 3/4c.

Lower prices for hogs knocked support from under provisions. Pork closed 15 to 20c lower; lard 7 1/2c to 17 1/2c and ribs 5c to 7 1/2c lower.

**NEW YORK STOCKS.**

New York, Oct. 22.—The war in

the Balkans was again paramount

influence in the New York stock

market today, though there was an

absence of yesterday's heavy liquidation

for foreign account. On the

contrary London bought moderately

here of U. S. Steel, Amalgamated

Copper and a few other speculative

favorites.

The opening here displayed some

irregularity, followed by general im-

provement, and by noon some sub-

stantial gains were recorded, chiefly

in the coolers, Union Pacific, Steel

and Amalgamated Copper.

In the latter part of the session

trading fell away until it failed to

possess any significance, the only fea-

ture being the activity in Chino

copper at a new high record. To-

wards the end prices fell steadily

until little remained of early gains,

Union Pacific and Lehigh Valley be-

ing especially heavy.

For the first time in some days

call loans opened at 5 per cent, the

greater part of the day's offerings

were at that figure. Local banks

suffered another heavy drain to the

sub-treasury, their total

## Capt. H. B. Baxter Gives Reasons Why He Will Vote for Taft

Editor Jacksonville Journal:

Dear Sir: As I have been repeatedly asked of late who I was going to vote for in this three-cornered fight for president of the United States this fall, I know of no better way of stating my views than through the columns of your valuable paper which I have been a constant reader of for more than a quarter of a century. In the first place I will give my reason why I will not vote for Roosevelt. I do not believe he is a man of his word for on November 8, 1904 he said "on the fourth of March next I shall have served three and a half years and this three and a half years constitute my first term the wise custom which limits the president to two terms regards the substance and not the form and under no circumstances will I be a candidate for or accept another nomination." And on Dec. 11th, 1907, he says, "I have not changed and shall not change that decision announced." And on Feb. 24, 1912 he says, "I will accept the nomination for president if it is tendered me." Why this change of mind and desire to ignore the wise custom that he spoke of before which limits the president to two terms. Ambition and self-aggrandisement and the notion that the country is going to the bad and that he is the only man that can save it. I am opposed to many issues which he favors, namely initiative and referendum and the recall of judges and their decisions which were borrowed from W. J. Bryan and made a part or parcel of Republican issues by Roosevelt while president. I regard such doctrine as un-American and revolutionary. I am not in favor of an inheritance tax, he says he is, even to confiscation, in some cases robbery, plain and simple Socialism, nothing else. The idea, to think that a man who had been president of these United States advocating such doctrine, the robbing of minor children of what their parents had lawfully possessed and then ask the American people to make him president, a third term is preposterous. He is in favor of an income tax. I am not. It is double taxation, a person has property which he pays taxes on, this property makes him an income he then has to pay a tax on the income. This is not right and does not belong to free America. For an example of such a law go to Germany where I am told you have

to pay a tax on an income large or small even to daily wages. Roosevelt preaches a square deal and does not practice it. He condemns without proof. He dismissed, condemned and discharged a battalion of United States soldiers without a trial even. He is too radical and jumps at conclusions without proof while the law holds that all persons are considered innocent until proven guilty.

He has belittled President Taft's administration without a just cause. If Taft's administration is such a disgraceful affair as he tries to make out that it is he is partly to blame for it. He brought Taft forward and highly recommended him as his successor and had not a word to say against him or his administration until he got the bee in his bonnet and wanted to be president again. Then in his opinion the government was in a deplorable condition and he was the only one who could save it. He has by his speeches caused discontent and class hatred among our people. He has assailed the judiciary and undermined the confidence of the people in the independence, integrity and impartiality of our judges. He has advocated revolutionary doctrine. He has held up to the contempt of the world as politically a dishonest people and by so doing has lowered the high and honorable position of ex-president of the United States. He condemns bossism in politics while he himself is the boss of all bosses as shown in the Republican convention where he tried to direct his own nomination. He is a bolter, the meanest of all politicians and like the dog in the manger, can't eat the hay and won't let the ox have it. He finally nominated himself and his aim now is anything to beat Taft.

I have mostly voted the Republican ticket and always the national ticket and hope to this time but between Roosevelt and Wilson, I prefer Wilson notwithstanding his tariff for revenue only idea.

Taft by all rights should be re-elected as his administration will compare favorably with any of his predecessors. We have had good times. Farmers never prospered more. Labor is wholly employed and demands good wages and I see no cause for a change. So vote for Taft every time.

Yours respectfully,

H. B. Baxter.

CRACKERS BEND.

the present time.

Ed Liter came down to Lone Oak

Wednesday to take a cargo of "the

best honey in the world" to the in-

habitants of Literberry.

The Ladies' aid will sell a number

one rag carpet at the McCarty sale

on next Wednesday. You people

who want to cover your parlor floor

bid up.

Most people know that Ebenezer

neighborhood joins the Bend on

the south, and also corners with

possum walk and the hard scrabble

country. Whether the possum walk-

ites or the hardscrabblers have ever

had any traffic with the Ebenezerites

we do not know; but we do know

that the Benders have mixed with

Ebenezer for lo! these many moons,

to the great advantage of the Benders.

We have always advocated this

mixing on account of the intel-

ligence of our southern neighbors.

Last week we had a special invita-

tion to spend the afternoon and eat

a six o'clock dinner with the family

of Mr. and Mrs. Austin Patterson,

who live on the old homestead of

William and Warren Daniels, just

east of the church. We accepted (as

help, but does not know who just at

we always do such invitations) and

Cap Taylor cranked up the Mitchell

car Thursday afternoon and we

made the run in a short time, arriv-

ing about 3:30 p. m. We had no

fear of a "pick up supper," for we

had forwarded a card by Joe, the

mail man, that we were coming and

that they could "kill a calf" as soon

as they could catch it. We found

Mrs. Patterson and her sister, Miss

Nannie Daniels and Uncle Warren

Daniels at home. Mr. Patterson had

just received word that his blooded

hog had arrived at the express office

and of course he had to go after

him. We were not lonesome, for the

ladies are good conversationalists

and Uncle Warren has a way of put-

ting in once in a while and always

at the right time and is sure to in-

terest all who hear him. Mr. Pat-

terson soon arrived with the pig and

we went out to pass judgment on

him and voted unanimously that he

was a "peach" and Mr. Patterson

gave us the privilege of christening

him and while he poured on some

hog dip, we christened him Giant

Teddy. We believe in strong names

and that this name will make the

pig notorious, or kill him. At six

o'clock dinner was ready, and such a

dinner. We saw at a glance that our

advice on the card about the calf

was superfluous. Everything, both

necessaries and dainties were in

great quantity. If you have ever

eaten a dinner especially prepared

for company in the Ebenezer country

or the Bend, you know something of

this spread. Did we do it justice?

Ask the family. After dinner we

had a fine old time in the parlor for

about three hours. During this time

the ladies roasted a pan full of

Uncle Warren's big home grown pean-

uts and we want to inform you that

Mr. Daniels can show the largest

peanuts in the state. The time to

say goodbye came too quick and we

lighted up our car and pulled for the

Bend, where we arrived in due time,

feeling glad that we had such good

friends and that we had been per-

mitted to spend a few hours with them.

Mr. S. W. Nichols made a little

visit at the Grace Chapel church Sun-

day evening.

Next Sunday, the 27th, will be ral-

ly day at Grace Chapel. The exer-

cises will begin at 3 p. m. James

Watt, an eloquent speaker, will ad-

dress the people on this occasion.

Green's last Thursday.

Frank Carlton and wife and

children were Sunday callers at the

home of J. D. Hembrough.

They have a new furnace put in

the Cross Roads school house last

week. We hope that Mr. McPherson

will keep warm this winter. The old

furnace was badly worn out.

Alva Grimsley and wife spent Sun-

day evening with J. J. Sheppard.

Taey will move their household

goods in with Mr. Sheppard and

keep house for him in the near fu-

ture.

W. W. Barr and sister, Miss Effie,

were Jacksonville visitors Saturday.

Thornton Daniels and wife spent

Friday and Saturday with Mr. Dan-

nels' mother at Albert Cline's, near

Plisgah.

We were sorry to learn of the

death of G. Wesley Smith's little

baby boy. All concerned doing

their many friends.

J. H. Scott received a box of Belles-

flower apples from his sister, Mrs.

Amy Lyons, who lives in Watsonville,

Calif. We feel that it was quite a

fine present, as they were so very

large and fine.

Dr. R. R. Jones and family were

visitors at the Ladies' aid at A. B.

Mrs. J. Buchanan.

Nilrod Funk called at the home of

D. W. Miles.

S. Carlton and R. Funk were town

callers Sunday.

Dr. C. M. Stewart of Jacksonville

was a town caller this week.

J. W. Kellem, one of our county

overseers, passed through town Sun-

day. John is one of the plain old

boys; does not puff up after he is

put in office.

Charles Priest and family were

Jacksonville visitors last week.

Born, to Mr. and Mrs. Butterbus-

h, Jr., a bouncing baby boy. All cen-

tered are doing well. We think he

will pull through.

Dr. Wainwright and family were

town callers Sunday. It was a treat

to the folks over Sunday.

A great number of our people have

been to the bottoms gathering

pecans.

Carl Barta is a proud father of a

little baby boy. All concerned doing

their many friends.

Mr. and Mrs. Earl Carlton had

their wooden wedding anniversary.

There was a large number in atten-

dance and they received many beau-

tiful presents, and all wished them

many more happy days.

C. Buchanan and family called at

Mrs. J. Buchanan.

Nilrod Funk called at the home of

Angelo Barbetto, a well known

citizen of Winchester, was in the city

yesterday. He had been to St. Louis

to visit his son.
